**RE: REACH (Registration, Evaluation, Authorization, and restriction of Chemicals)  
Certification**

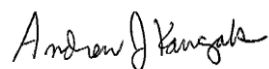

The products supplied by Taconic are defined under the **REACH** European Union legislative program as **ARTICLES**.

None of the components of Taconic products are intentionally released during the use of our products when used “as intended” and in accordance with recommended specifications and parameters.

Taconic products do not contain **REACH SVHC\*** (Substances of Very **H**igh Concern) materials in excess of 0.1% w/w.

Taconic continues to work with its suppliers to ensure that materials Taconic employs to manufacture its **ARTICLES** will continue to allow us to meet the responsibilities of good environmental and safety stewardship outlined by the **REACH** legislation.

Sincerely,

Andrew J. Kawczak  
Environmental Manager

\*Note: Includes Taconic’s review of the (15) proposed SVHC candidate chemicals to be reviewed/added to the Candidate List in January 2010.
